---

---

3. Has my lung cancer spread beyond the place where it started?

---

---

4. What is the stage of my lung cancer? What does that mean in my case?

---

---

5. Are there other tests that need to be done before we can decide on treatment?

---

---

6. What treatment choices do I have?

---

---

7. What do you suggest and why?

---

---

8. What is the goal of this lung cancer treatment?

---

---

9. How long will treatment last? What will it involve? Where will it be done?

---

---

10. What are the chances my lung cancer can be cured with these options?

---

---

### Questions for deciding on a treatment

11. What risks or side effects are there to the treatment you suggest?

---

---

12. Is there a way to minimize the side effects?

---

---

13. How long will treatment last? How often will I get it?

---

---

14. What type of follow-up will I need after lung cancer treatment?

---

---

15. Can the treatment cause other problems such as heart, lung, or kidney damage/disease, or fertility problems?

---

---
