

You are not alone!

LUNGeivity connects people affected by lung cancer with other patients, survivors, caregivers, and medical experts to get the information and support they need.

"I was 30 years old and terrified when my mother was diagnosed with lung cancer. None of us knew what we were supposed to do next. I found knowledge, support, understanding, and love at LUNGeivity's Lung Cancer Support Community, and Mom found it too!"

MELISSA H.

"I can't begin to explain what HOPE Summit has given to me. I felt instantly connected to strangers who became family."

TRACY A.

"I just wanted to say thanks for putting me in touch with my LifeLine mentor. It has been a great relief to chat with someone who is in the same boat as I am."

GURU C.

LUNGeivity is the leading national lung cancer-focused nonprofit. We are changing outcomes for people with lung cancer through research, education, and support.

LUNGeivity funds research that has the potential to revolutionize outcomes for those diagnosed with lung cancer. With our strategic approach in two priority areas—finding lung cancer early and treating it more effectively—our research speeds breakthroughs to patients so that they can live longer and better lives.

Find it. Treat it. Live.

Support and Survivorship Programs
for People Affected by Lung Cancer

Get Connected

 **LUNGEVITY**
SUPPORT & SURVIVORSHIP

Support and Survivorship Programs

LUNGEVITY LIFELINE: A personalized phone and email support program that matches lung cancer patients with Support Mentors—lung cancer survivors and co-survivors who have walked the lung cancer path and volunteer to mentor and offer encouragement, advice, friendship, and hope to others. This free program is a support resource for individuals, hospitals, and cancer support organizations.

CLINICAL TRIAL AMBASSADOR: A support mentor for those considering participating in a clinical trial.

LUNGEVITY HOPE SUMMITS: Annual national and regional HOPE Summits are conferences for lung cancer survivors at all stages of the disease. Survivors, caregivers, medical professionals, and advocates attend educational sessions on the latest research and living well with lung cancer; and connect with people from across the country who have had a lung cancer diagnosis.

LUNG CANCER SUPPORT COMMUNITY (LCSC):

The largest online network dedicated to supporting those touched by lung cancer, LCSC is a moderated message board where people can share resources and support.

PATIENT TOOLS TO MANAGE HEALTHCARE:

The Lung Cancer Navigator mobile app helps patients manage their healthcare. Lung Cancer HELPLine is a toll-free support service answered by oncology social workers. Call 844-360-LUNG.

CAREGIVER RESOURCE CENTER:

An online resource that offers support and practical advice. Learn what to expect after a lung cancer diagnosis, what questions to ask, how to be a healthcare advocate for the patient, and ways to take care of yourself as well.

LUNG CANCER CLINICAL TRIALS MATCHING

SERVICE: A free, confidential, personalized service to help you understand which lung cancer clinical trials may be options for you.

Photos: (top) LifeLine mentors provide understanding support for patients and caregivers. (middle) Breathe Deep events raise awareness and funds for lung cancer research. (bottom) Join lung cancer survivors and caregivers at a LUNGEvity HOPE Summit.

Other Ways to Get Connected

LUNGEvity welcomes volunteers who are interested in supporting people affected by lung cancer or in helping to raise funds for research into earlier diagnosis and more effective treatments as well as for education and support programs.

BECOME A LIFELINE SUPPORT PARTNER:

Volunteer to be a mentor and friend for someone today. Sign up on our website at www.LUNGEvity.org/LifeLine, email support@LUNGEvity.org, or call 312.407.6116 to volunteer to become a Support Partner.

START A TRIBUTE FUND: Celebrate special people and events with donations to support programs and research into improved survival of lung cancer.

PARTICIPATE IN OR CREATE YOUR OWN EVENT:

LUNGEvity has the largest national network of grassroots events aimed at creating awareness about lung cancer and raising money for lifesaving research and programs. Find out whether there's a Breathe Deep event in your area and how you can get involved.

INFORMATIVE LUNGEVITY BLOGS: Visit the blogs frequently for updates on research, nutrition, health and wellness, or to read about a fellow survivor's lung cancer journey. Submit your personal story to www.LUNGEvity.org/stories or email blog@LUNGEvity.org.

Together we will make a difference!

LUNGEvity's website offers comprehensive, up-to-date resources for anyone affected by lung cancer.

To learn more about any of these resources or LUNGEvity events and volunteer opportunities in your area, please:
